PROXIMA COMMAND

COMPLETE SCI-FI ESCAPE ROOMS

START AN ESCAPE ROOM

ADD TO YOUR EXISTING ROOMS
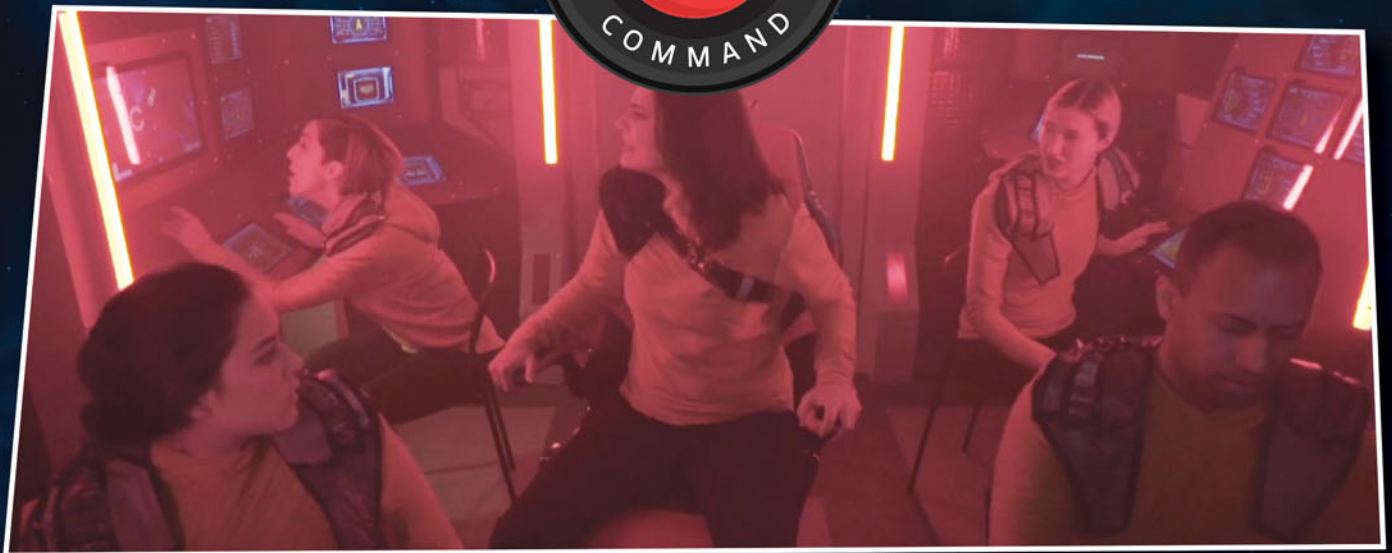

ADD TO YOUR ENTERTAINMENT COMPLEX

We love the sci-fi genre so much we started a company and created our own sci-fi themed escape rooms!

Our goal is to offer these carefully designed and custom built rooms to any established or startup company looking to set up an immersive sci-fi experience for their customers.

We can provide full turnkey packages that include installation and training. We also offer flexible packages and payment plans to meet your budget.

If you are new to the growing industry of escape rooms and looking for a fun career we will help you realize your dream.

PROXIMA COMMAND

SCI-FI ESCAPE ROOMS

[ROOM 1]
ESCAPE TO PROXIMA COMMAND

Customers are thrilled and surprised at the realistic and interactive bridge design.

Players assume the roles of a starship bridge crew that must solve the control stations, battle against the enemy and warp to safety (Suitable for 4 to 7 players).

With over 5 years of design and testing our proprietary software has been developed with Unity, a universal video game engine.

Our modular bridge design offers flexible sizes and the option to add corridors and additional rooms.
